

## Low Profile High Current Power Inductors

## For Standard, Automotive, and Industrial Applications

Abracon introduces multiple series of next generation power inductors optimized for a wide range of applications from high power automotive and industrial grade to medium power low profile solutions down to ultra-compact wearable devices, and IoT. The product line features miniature chip inductors in packages as small as 1.6 x 0.8 x 0.8mm with RMS current carrying up to 5A and automotive grade inductors with up 118A of saturation current. The automotive grade inductors support AEC-Q200 grade 0 or 1 (-55°C to 155°C or -40°C to +125°C), PPAP level 3 and TS-16949 qualified manufacturing.

AUTOMOTIVE	APPLICATIONS		
Navigation	Transportation	Audio & Video	IoT/Industrial IoT (IIoT)
Body electronics	Lighting, LED ballasts	Motor control	Drones & Robotics
& comfort system	Solar inverters & solar power	Industrial applications	Energy Efficient Lighting
Infotainment & entertainment	Battery Operated Devices	Medical & medical monitoring sw	DC/DC converters & vitch mode power supplies
